

e2Value Estimate for Farm Buildings on a Farm Quote

Notes:

1. e2Value works in Internet Explorer. Please use Internet Explorer when completing an e2Value calculation of farm buildings.
2. MAX no longer requires an e2Value calculation on buildings where the requested coverage is \$25,000 or less. Please complete an e2Value for each and every building over \$25,000 of coverage.

In the farm quote, on the “Farm Coverage” tab, enter your farm buildings in the Coverage E section.

Click the “Go to e2Value Estimate” button.
